

Ministry of Science, Innovation and Universities (MCIU)

**Call for a position of researcher / distinguished researcher in
the framework of the Beatriz Galindo program**

Reference: BEAGAL18/00148 (junior category)

SUMMARY

The object of this call is the attraction of research talent that has carried out part of his professional career abroad, to promote the attraction and formation of human research capital and its mobility in sectors of national strategic interest, as well as to promote the quality and competitiveness of teaching and/or research staff at Spanish universities. Specifically this is a distinguished research position at the Universitat de les Illes Balears (UIB) in the scientific area of physics and space sciences, with a gravitational physics research profile and a computer physics teaching profile. This position will be assigned to the Institute of Applied Computing and Community Code (IAC3). The contract will have a duration of 4 years. Gross recruitment costs will be EUR 45,000.00 per year.

SELECTION

The selection of candidates should take into account the following aspects:

- Candidates must have a PhD degree.
- Candidates must have completed all or part of their professional career abroad and have been a teacher, researcher and/or team coordinator at a foreign university or a foreign entity recognised in your country as an R&D&I center.
- Candidates must have accredited professional experience abroad for a maximum of seven years.
- In both cases, the number of years shall be calculated from the moment when the doctoral degree was obtained.
- Professional experience must be accredited by the candidate at the moment of application.
- Teachers and/or researchers who are receiving financial assistance of a similar nature may not apply for the place or places granted at the University.
- Candidates should have postdoctoral experience in the field of gravitational wave physics, including astrophysics from gravitational wave sources or cosmology with direct application in this field.

SUBMISSION AND FORMALISATION OF APPLICATIONS

For conditions of submission and formalisation of applications, as well as the documentation needed, please read point III of the call.

EVALUATION OF THE APPLICATIONS

This call is a one-phase evaluation. Applications will be rated with a score between 0 and 10 points by an international panel of experts. The international panel of experts will evaluate the documentation presented in accordance with the scale published in the call for proposals under Order ECD/365/2018, 23 March, approving the bases for the concession and calling for the grants Beatriz Galindo (BOE number 85, 7 April 2018).

ATTENTION:

The deadline for applications and documentation is from 24 April to 24 May 2019, both dates included. This call will open at 08.00h in the morning of 24 April 2019, peninsular time in Spain and closes at 17.00h in the afternoon of 24 May 2019, peninsular time in Spain.
